Co-curricular

The curriculum at Northwick inspires a love of learning both inside and outside of the classroom.

In our school aims we describe how we strive to deliver a curriculum which prides itself on balance, where our children understand and respect the value of academic rigour, but equally the importance of being creative and the acquisition of skills that are learnt outside of the traditional classroom. Our co-curricular programme plays an important part in enabling us to work towards these aims.

We offer a wide range of co-curricular activities through which pupils can refine their skills and develop new interests. Participation in our co-curricular programme helps to build confidence, build friendships, and equip pupils with the skills to become team players and active members of the Northwick community.

This guide gives a brief synopsis of each club, most of which are free of charge. Most clubs take place after school but there are some available at lunchtime.

We are excited to be working with Worcester City Football Club to further enhance our provision.

All clubs must be booked via the School Office using the MS form.

Club Allocation - Remember that clubs are allocated on a first come, first served basis.

Cancelled Clubs due to low numbers - Any club that has not reached their minimum required numbers may not run and parents will be advised accordingly.

Start of Clubs - Clubs will start on 4 November.

Non attendance to a non-chargeable club on 3 or more occasions may result in removal from the club.

Alongside each activity, you will see which year groups can attend, the staff member leading together with the start and finish times. Activities which incur a charge are shown with the following symbol £. Charges for these activities will need to be paid directly with the provider.
